RELOCATION OF CENTRE IN FEB 2008

We wish to announce that we will be moving our centre to Mutiara Homes in Mutiara Damansara (just 2 minutes away from IKANO) effective Feb 2008. The new centre will be large enough to accommodate our expansion plans of providing private music lessons to students and adults and offering bi-lingual playschool and pre-school programs for children ages 2.5 and up.

We will be launching our bilingual playschool at Ikano centre in Jan 2008. The playschool is catered for 2+ to 4 years old and will adopt a partial Montessori approach, integrating a formal music lesson with the use of musical brain stimulation to enhance phonics, math, character building, science and general knowledge. Art, craft and outdoor experiential learning will also be included in the 2-hourly-session. Students have the choice of attending once, twice or thrice a week with an option to learn mandarin in one of the sessions.

Our new centre will be registered under the Ministry of Education. As per authorities regulation, our centre will be renamed Musikhaus Enrichment Centre (Muzik Merdu).

Effective Feb 2008, all classes will be relocated to No.80, Jalan PJU 7/12A, Mutiara Damansara (Please see the map attached). All class schedules remain the same. Notice will be given to students closer to the relocation date.
